Mealheiro Digital Mensal

Tarefas/ Atividades/ Desafios

1. Mealheiro digital no excel

No aplicativo Excel realiza um mealheiro com as seguintes orientações:

1. Num retângulo à escolha escreve “mealheiro digital mensal”.
2. Ao lado escreve “poupança”.
3. Por baixo do “mealheiro digital” escreve o seguinte: “=SOMA(‘seleciona a coluna onde vais colocar as tuas poupanças’).

Basta agora por baixo de poupança colocar todos os valores que foste poupando nesse mês. Personaliza a teu gosto (ver vídeo para ajudar :)).

Nota: Se tiveres o excel em inglês utiliza a expressão “SUM” ou invés de “SOMA”.
